

NCE @ ELOPE

*When it comes to music for weddings, NCE artists know their stuff!
In partnership with Elope Weddings, we can offer the perfect solution to your music vision. Our artists are hand-picked providers of the best hearing:feeling ratios around!
We will always provide as much music as we can fit into the time you have us, giving you the value for money you deserve. Sometimes this means we play a short set and sometimes a long set as we structure our playing times around the running of your day. However your day is run, our job is to set the scene with the right vibe, at just the right moment...*
